HELLO AND WELCOME TO ESSENTIAL CARAVANS

I am very proud to introduce a new style of caravan to today's caravan market; a caravan that offers unheard of value for money and includes features packaged into caravans that are built to the highest standard, a standard you would normally expect to find in a caravan priced many thousands more.

Essential Caravans is a culmination of over 35 years experience in the caravan industry. Together with my experienced team of managers, builders, planners and industry experts, we are breaking the mould of solely manufacturer-based thinking.

At Essential Caravans, we offer customer-based manufacturing and after-sales service that only someone with a Dealer background could understand and appreciate.

Far from a newcomer to the industry, I first started out as a caravan Service Manager some 18 years ago, then moved to Sales and then General Manager of a highly successful country-based dealership. I am now fulfilling my life-long dream of building high quality vans at an affordable price.

Sounds like a cliché? Inspect an Essential caravan for yourself today and you will soon realise - as have many other satisfied customers - that these words are more than just a throw-away line, they are a true statement of what Essential Caravans represents.

Designed utilising only the most desirable, popular and practical layouts in mind, I am sure you will enjoy many years of hassle-free caravanning across our beautiful country in an Essential Caravan. Wishing you many happy travels.

Kind Regards, **David Wilson - Essential Caravans**

"This caravan ticks all the boxes for quality, style and affordability..."
