

NEW AGE

CARAVANS

GO FURTHER, STAY LONGER!

The New Age Caravans Story: A New Era with JB Group

New Age Caravans began in 2004 as New Age Frames and Designs, supplying premium structural frames and CNC-fabricated components to Australia's leading caravan manufacturers. By 2008, we shifted focus to building our own caravans, revolutionizing the industry with modern, apartment-style interiors that redefined what Australian caravans could be.

From manufacturing just five caravans a week in 2009 to producing over 2,000 annually today, New Age Caravans has experienced remarkable growth. This success has been further strengthened by our partnership with the JB Group. Together, we form a true powerhouse, combining New Age Caravans' innovative designs and manufacturing expertise with JB Group's expansive support network of over 40 dealerships, advanced technology, and access to a wide range of accessories. This collaboration has elevated our ability to deliver premium products and exceptional customer support, creating a brighter future for Australian caravanning.

At the end of 2024, we reached another milestone by becoming one of the only brands in the industry to offer two completely different body build styles. We introduced fully composite fibreglass caravan construction, designed for on-road and semi-off-road use, offering a lightweight, durable, and modern solution. Simultaneously, we launched aluminium TIG-welded off-road frames, engineered for superior strength and durability to tackle Australia's toughest terrains.

With these advancements and the strength of the JB Group partnership, New Age Caravans continues to lead the way —delivering unmatched innovation, quality, and support for adventurers across Australia.

2025 OZ CLASSIC RANGE: THE FUTURE OF GLAMPING IS COMING!

The countdown is on! The New Age Caravans design team is hard at work crafting the highly anticipated 2025 Oz Classic Range, and we can't wait to share it with you. Packed with thoughtful upgrades and exciting new layouts, this range is set to transform the way you experience caravanning.

Here's a sneak peek of what you can look forward to:

- Maximised storage solutions to ensure everything has its place, making life on the road easier than ever.
- Stunning interior design with exclusive finishes that redefine luxury.
- Fully composite fibreglass construction, offering unmatched durability, lightweight handling, and a sleek modern look.
- A game-changing centre ensuite rear club layout, perfect for ultimate relaxation and entertaining.
- Upgraded electrical systems and appliances, delivering cutting-edge convenience for your adventures.

The 2025 Oz Classic Range is all about taking glamping to a whole new level—seamlessly blending comfort, style, and practicality.

The wait won't be long now! Stay tuned for more updates as we get closer to the official release. Trust us—this is one launch you won't want to miss!

COMING SOON ...

2025 XTREME UTILITY RANGE: THE ULTIMATE TRAVEL VAN IS COMING!

Get ready, because the 2025 Xtreme Utility (XU) Range is about to take versatility and exploration to a whole new level! The New Age Caravans team is working tirelessly to bring upgraded technology, cutting-edge materials, and innovative design to the XU range you already know and love.

The XU isn't just a caravan—it's your ultimate travel companion. With space for everyone and a garage to bring all your gear, there's no need to leave anything (or anyone) behind. Whether it's the crew, the bikes, or all your essentials, this van is designed for every journey.

Here's a sneak peek of what's in store:

- Updated modern aesthetic, inside and out, for a fresh and stylish look.
- Luxury interior design with exclusive finishes that exude sophistication.
- Aluminium frame and smooth cladding, delivering strength, durability, and a sleek finish.
- Redesigned layout to maximise ergonomics and optimise every inch of space based • on customer feedback.
- Upgraded electrical systems and appliances, making every trip more convenient and enjoyable.

The 2025 XU Range is adaptable to every trip—whether it's a family getaway, a journey with friends and bikes, or a weekend exploring with your group, this van has you covered.

Stay tuned for the launch of this game-changing range. The 2025 Xtreme Utility is coming, and it's going to redefine versatility in caravanning!

5KW Off-Grid High Power System

What are the key benefits of moving from a 12V to a 48V system ?

1. Higher Efficiency: Lower current reduces power losses.
2. Lighter, Smaller Cables: Thinner wires reduce costs and weight.
3. More Power Capacity: Supports high-demand applications easily.
4. Enhanced Safety: Lower risk of overheating and fire hazards.
5. Better Battery Life: Reduced stress extends battery lifespan.
6. Improved Motor Performance: Supports efficient, high-power motors.
7. Higher System Reliability: Reduced stress on components boosts durability.
8. Compatibility with Solar Systems: Efficient with solar and hybrid setups.
9. Scalability: A 48V BMS can be easily scaled to manage larger battery packs by connecting multiple modules.

ECOFLOW COMPONENTS

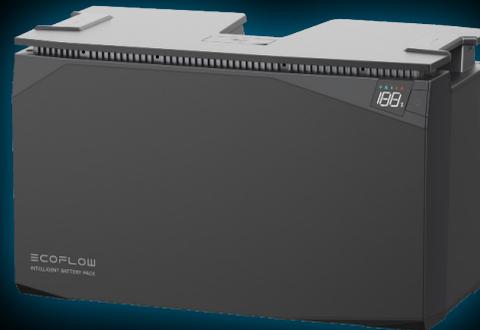

Power Hub

- 3600w Pure Sinewave Inverter (7200 Peak)
- AC Input 240V Max 15Amps, Max 3000W (Adjustable)
- AC Main Output 240V
- AC Inverter Output 3600W Max (7200W Peak)
- DC Main Output 13.6V @ 70Amps
- Input Port 1 - DC to DC charger 13-60V 30 - 50Amps (360W - 600W) Adjustable
- Input Port 2 & 3 - Solar Panels 13-60V 30Amps Max 1600watt
- 3 x Battery Inputs @ 5kWh Each, System expandable to 15kWh
- Can mix 2kWh & 5kWh batteries when expanding power storage
- Bluetooth and Wi-Fi compatible
- Warranty 5 Years

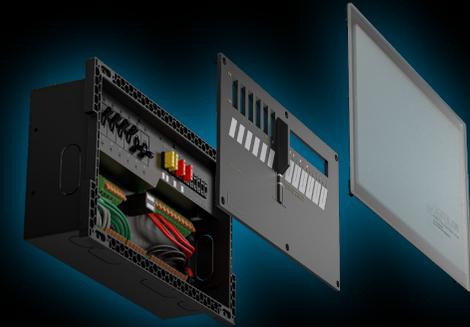

Remote Keypad

- 7 Inch Full Colour IPS Touch Screen
- Multi Display screen incorporating Water Tank Sensors through the Powerlink
- Communications RJ45CAN
- Bluetooth and Wi-Fi compatible

48V 100AH LFP Battery 5KW

- Chemistry - Lithium Iron Phosphate
- Built in BMS & LCD Status Indicator
- Advanced Battery Safety Protections
- Auto Heating for Cold Environments
- Built in 125Amp Fuse
- Net Weight 40.6kg
- Equivalent to 415Amp 12V Battery
- Warranty 5 Years

AC/DC Smart Distribution Panel

- DC Main Input 12V @ 70 Amps
- AC Main Input 240V @ 30Amps
- DC Output 6 x Controllable via keypad or App & 6 Regular Circuits
- AC Output 6 Outputs @ 10amps
- Real Time Load Data on Each DC & AC Circuits

Ecoflow App

- Intuitive Interface
- Read Every Load usage
- Optimise Energy Usage
- Configure Entire system
- Review Consumption History

NEW AGE SUPPORT NETWORK

OVER 20 DEALERSHIPS AND GROWING IN AUSTRALIA AND NEW ZEALAND!

WITH NEW AGE CARAVANS WIDE SPAN OF DEALERSHIPS YOU WILL NEVER BE LEFT WITHOUT SUPPORT! NO MATTER WHERE YOU ARE.
